Abakaliki, Ebonyi State, Nigeria

CAREER OBJECTIVE

Results-driven and passionate Electrical Engineer with a strong foundation in problem-solving, systems thinking, and technical innovation, now focused on applying my engineering foundation to software development. Eager to leverage hands-on experience with automation, programming, and digital systems to build scalable software solutions. Committed to continuous learning, effective collaboration, and contributing to impactful, real-world technology projects.

PROFESSIONAL EXPERIENCE

Fullstack Web Development Instructor (Contract Base)

Spotless Digital Technologies | 1 Hilltop Junction Abakaliki, Ebonyi State, Nigeria

October 2024 – February 2025

- Instructed over 150 trainees in fullstack web development, covering both front-end and back-end technologies.
- Developed and delivered high-quality training materials aligned with industry standards.
- Mentored trainees for globally recognized certifications and assist with internship placements.
- Provided job placement support through resume building, interview preparation, and career guidance.

IT Engineer / Research Assistant

Hanoda Enterprise

July 2023 – January 2025

- IT Engineer
 - Managed and revamped web projects, implementing new features and resolving bugs.
 - Organized and participated in regular project meetings, ensuring clear communication and progress tracking.
- Research Assistant
 - Developed comprehensive lecture notes for postgraduate courses, including thorough research and referencing.
 - Conducted literature reviews and compile lists of reputable journals for research publication.
 - Coordinated project students, serving as a liaison between students and supervisors.
 - Facilitate online lectures and educational sessions.

Teacher

NYSC | Unique Progressive Nursery, Primary and Secondary School, Badariya Birnin Kebbi

May 2023 - April 2024

- Tutored Basic Technology to a class of over 50 students, ensuring comprehensive understanding through well-prepared lesson plans and notes.
- Implemented efficient grading systems and result sheet design using Microsoft Excel, resulting in a 75% cost-saving for the school.

EDUCATION

Master of Science (MSc), Electrical and Electronics Engineering

Specialization: Instrumentation and Control

University of Ibadan, Ibadan, Nigeria

May 2024 – Present

Bachelor of Engineering in Electrical and Electronic Engineering

Specialization: Power

Alex-Ekwueme Federal University Ikwo

October 2016 – December 2021

SKILLS

- **Programming:** Git, WordPress, HTML, CSS, UI/UX, JavaScript, Node.js, MongoDB, Firebase, PHP, MySQL, Embedded System, MATLAB
